(2) conspiring with others, both named and unnamed herein, to aid, abet, and to be accessories after the fact to, multiple violations of the Undersigned's Fundamental Rights expressly guaranteed: by the First, Fourth, Fifth, Sixth, Seventh, Eighth and Tenth Amendments and Article VI, Clause 3 in the U.S. Constitution; and, by the UDHR supra and ICCPR supra, both rendered supreme Law by the Supremacy Clause in the U.S. Constitution; all in one or more violations of 18 U.S.C. 2, 3, 4, 241 and 42 U.S.C. 1985-1986.

STIPULATION

"RUD" Upon careful examination of the Senate's Reservations, Understandings and Declarations attached to its ratification of the ICCPR, the United States hereby stipulates that the RUD's "not self-executing" Declaration is unconstitutional for obviously violating the Petition Clause in the U.S. Constitution - read "the Right conservative of all other rights" as previously held by the Supreme Court of the United States. Here, see also Miranda v. Arizona re: Rights secured by the Constitution: there can be no legislation - like the RUD supra - which would abrogate any such Rights.

VERIFICATION

I, Relator Paul Andrew Mitchell, B.A., M.S., hereby verify under penalty of perjury, under the laws of the United States of America, without (outside) the United States, that the above statement of facts and laws is true and correct according to the best of my current information, knowledge and belief, so help me God, pursuant to 28 U.S.C. 1746(1). See Supremacy Clause (Constitution, laws and treaties of the United States (federal government) are all the supreme law of the land).
